

VOLUNTEERS NEEDED: BLACK JACK BATTLEFIELD PRAIRIE RESTORATION PROJECT

Join Grassland Heritage Foundation, Native Lands LLC, Black Jack Battlefield and Nature Park, and Jayhawk Audubon Society in a prairie restoration project at Black Jack Battlefield, a National Historic Landmark just outside of Baldwin City, KS. Moving into our second year of the project, we will be planting hundreds of native plants and grasses, collecting seed from the nearby Ivan Boyd Prairie, and removing invasive and woody species from our prairie sites. This project is a great opportunity to join a wonderful volunteer community and help protect and restore our local ecosystems!

If you plan to attend, please RSVP on GHF's website at www.grasslandheritage.org/blackjack.

Please make sure that you come prepared for working outdoors. This includes a bringing a water bottle, snacks, bug spray, sun block, and a hat. Be sure to wear long pants and sturdy, close-toed shoes.

Please email Kaitlyn at grasslandheritage@gmail.com with any questions that you may have.

This project has been funded entirely by a grant from the Douglas County Heritage Conservation Council. However, the content is solely the responsibility of the authors and does not officially represent the views of the Douglas County Heritage Conservation Council.
