

BLACK JACK BATTLEFIELD PRAIRIE RESTORATION PROJECT

**VOLUNTEERS
NEEDED!**

Join Grassland Heritage Foundation, Native Lands LLC, and Black Jack Battlefield and Nature Park in a prairie restoration project at this National Historic Landmark just outside of Baldwin City, KS. We will be clearing invasive species from the site and collecting seed to restore the prairie's diversity. This project is a great opportunity to learn more about both our local ecology and our local history!

If you plan to attend, please RSVP using the following form <https://forms.gle/8XH7vxERc8oryHEd9> or at www.grasslandheritage.org/blackjack.

We want to ensure that our events this fall are as safe as possible for our volunteers and staff. These workdays will adhere to social distancing recommendations. Please plan to wear a mask or face covering, especially as we gather at the beginning of the workday.

Make sure that you come prepared for working outdoors. This includes a water bottle, snacks, bug spray, sun block, and a hat. Be sure to wear long pants and sturdy, close-toed shoes.

Please email grasslandheritage@gmail.com with any questions that you may have.

This project has been funded entirely by a grant from the Douglas County Heritage Conservation Council. However, the content is solely the responsibility of the authors and does not officially represent the views of the Douglas County Heritage Conservation Council.
